## Iglični ventil, nikljana medenina, ET/ET, R 1/2, DN 8

Kategorija: [Needle valve, male/male thread](#)  
Šifra: **136241RIE**

### Kratek opis

Needle valve, Nickel-plated brass, ET/ET, R 1/2, DN 8, AF1 21, Operating temperature -10 °C to 80 °C, PN max. 18 bar

### Tehnične Specifikacije

|                               |  |
|-------------------------------|--|
| Min. delovna temperatura [°C] | -10                                    |
| Kolo                          | Plastic                                |
| Navoj                         | R 1/2                                  |
| Ohišje                        | Nickel-plated brass                    |
| Standardni navoj              | Rp thread and R thread acc. to ISO 7/1 |
| Steblo                        | Brass                                  |
| Tesnilo                       | NBR                                    |
| B [mm]                        | 4.5                                    |
| DN                            | 8                                      |
| E [mm]                        | 11.0                                   |
| F [mm]                        | 11.0                                   |
| Max. obratovalni tlak [bar]   | 18                                     |
| A [mm]                        | 21.0                                   |
| a/f 1 [mm]                    | 21                                     |
| H1 [mm]                       | 52.7                                   |
| L [mm]                        | 58.0                                   |
| H2 [mm]                       | 59.9                                   |
| Max. delovna temperatura [°C] | 80                                     |
