Kratek opis

Block valve pressure gauge, Bushing - taps, made of bright brass, G 1/2, PN 25 bar, AF 27, max. 50 °C
It is useful to install a stopcock as a shut-off element between the pressure gauge and the pipe.
When the lever is set to the »blow out« position, the medium is discharged into the atmosphere.
Stopcocks with a test port allow pressure gauges to be simultaneously connected to the pipe.

Tehnične Specifikacije

Aplikacije	For all pressure gauges with a flat gasket acc. to DIN 16258
Navoj	G 1/2
Ohišje	Brass with a bare metal surface
Različica	female / male
Ročica	Plastic
Standard	DIN 16261-B
PN [bar]	25
a/f [mm]	27
Max. temperaturno območje [°C]	50
